Also in attendance were James O. McReynolds, County Administrator; J. Mark Carter, Assistant County Administrator; and James E. Barnett, County Attorney.

Invocation. Kyle Messick, York County Youth Commission, gave the Invocation.

Pledge of Allegiance to the Flag of the United States of America. Chairman Zaremba led the Pledge of Allegiance.

HIGHWAY MATTERS

Mr. Jim Brewer, Residency Administrator, Virginia Department of Transportation (VDOT), appeared to discuss highway matters with the Board of Supervisors. He informed the Board that the latest residency report was now available on the internet, and the report provided complete details of all the projects in the Williamsburg Residency. He said the report would keep the Board apprised of the progress on the projects. He then noted that the plant mix schedule had come in, and the price for asphalt has almost doubled since last year. He stated if the cost continues to rise, it may severely impact subdivision work and where programs have been initiated for asphalt. Mr. Brewer stated that VDOT is continuing to patch potholes and work on drainage.

Mr. Shepperd thanked VDOT for its timely response in fixing the ditch issue at Creek Terrace. He asked about the status of the improvements at the Big Bethel Road intersection with Routes 171 and 134.

Mr. Brewer stated the project is still on schedule.

Mr. Shepperd asked if the new improvements at the intersection of Carey's Chapel and Victory had been completed. He asked if the orange barrels on the site could be picked up.

Mr. Brewer stated he would have the contractor pick up the barrels.

Mrs. Noll stated that in reading the online residency report it was easy to see the number of projects that were on budget. She said that it also showed which projects were on time and which were not on time because of environmental concerns.

Mr. Bowman asked about the mowing schedule for the Seaford area and asked how many cuttings were slated for this area. He said there is broom straw along the shoulders, and it is a place for deer to hide and create a dangerous situation.

Mr. Brewer stated that the primary roads are under contract and set up for eight mowings. The main secondary roads are set up for four mowings this year.

Mr. Bowman stated he would send Mr. Brewer an email regarding the areas that only received one to two cuttings last year.

Mr. Zaremba questioned whether companies such as Map Quest that provide mapping services on the internet have any contact with VDOT regarding the names of roads and their locations. He said he thought there should be some sort of approval process for these types of business to insure the correctness of the information they provide over the internet.

Mr. Brewer stated there was no relationship between VDOT and Map Quest. He added that occasionally the publishers of the ADC map books would have questions regarding new roads or ask if VDOT thought any changes should be made in their publications.

PRESENTATIONS

EMPLOYEE RECOGNITION PROGRAM

Chairman Zaremba congratulated Robert W. Walker, Department of General Services, for his 20 years of service with the County, and he presented him with a service pin and certificate.

Mr. McReynolds congratulated the following Board of Supervisors members for their years of service with the County, and he presented them their service pins:

Sheila Noll	10 years
Walter Zaremba	10 years
James Burgett	5 years

YORK COUNTY YOUTH COMMISSION

Mr. Brownlee Bakkum, Chairman of the York County Youth Commission, provided the Board with the Commission's third quarterly report. He said that the deadline for the submission of applications for next year's Youth Commission had been extended to April 4. On January 27 Parks and Recreation sponsored its annual Wintergreen ski trip with 165 students in attendance. He stated that February was Senior Month for the Commission, and the Commissioners had made valentines for residents at York Convalescent Center and co-sponsored the annual Senior Center Valentine Bingo Party with Parks and Recreation. He noted the Commission had received the results of the 2005 opinion survey in February. Mr. Bakkum then reviewed the upcoming projects of the Youth Commission, including a tour of the County's 911 Emergency Call Center, a Saturday morning Adopt-a-Highway clean-up project on Goodwin Neck Road, participation on the Outstanding Youth Awards selection committee, and assisting the Historical Committee with a welcoming reception for the exchange students from Zweibrücken, Germany. He noted that the annual town meetings would be held in the high schools the week of May 21, and the Commission was very excited about the town meetings as it brings high school students in direct contact with members of the Board of Supervisors as well as members of the School Board. He thanked the Board for its past participation in the Youth Commission's programs as well as its support.

Mr. Zaremba asked if it was common knowledge to the students at the high schools that the Youth Commission exists and how to obtain applications.

Mr. Bakkum stated the Commission had made an effort to get information out to all students, including canvassing all the classrooms in the County.

EFFICIENCIES REPORT AND 2005 ACCOMPLISHMENTS

Mr. McReynolds presented the 2005 Operational Efficiencies and Accomplishments Report to the Board and elaborated on the findings of that report. He highlighted a grand total savings

to the County of \$12,866,199, and he cited examples of how those savings occurred.

CITIZENS SATISFACTION SURVEY

Ms. Jeannine Perry, Continental Research Associates, gave a presentation on the results from the November 2005 Citizen Opinion Survey. She noted this was the year the survey has been administered, and it is used to measure satisfaction with County services and characteristics. She gave an overview of how the study was conducted and stated the sample size of citizens surveyed was 300. The households were selected randomly with a quota of 20 percent being from the upper County and 80 percent from the lower County. She stated the study revealed that the County's customer satisfaction levels are high.

CITIZENS COMMENT PERIOD

No one appeared to speak to the Board at this time.

COUNTY ATTORNEY REPORTS AND REQUESTS

Mr. Barnett reported that the General Assembly had wrapped up this year's session. He reviewed some of the highlights of the 2006 session that might make changes in the way the County does business or prompt some ordinance changes. He noted there are several bills dealing with vicious and dangerous dogs, new rules for franchise cable television providers, the moped bill, the appointed officials bill, the E911 bill, and Joint Resolution 223 commemorating Yorktown on the 225th Anniversary of the Surrender at Yorktown that was adopted by both houses.

Mr. Burgett asked if the moped bill had a section to prohibit those types of vehicles from being operated on streets that had a speed limit of 25 mph or higher, stating the intent of the bill was to keep kids off the roads where the speed limit is 55 mph.

Mr. Barnett said he would have the check that particular aspect of the bill.

Mr. Burgett said this needs to be done and that the Sheriff needed to be informed to keep the kids off the streets that are dangerous.

Meeting Recessed. At 7:03 p.m., Chairman Zaremba declared a short recess.

Meeting Reconvened. At 7:14 p.m. the meeting was reconvened in open session by order of the Chair.

INTRODUCTION OF NEW MEMBERS TO YORK COUNTY BOARD AND COMMISSIONS

Chairman Zaremba introduced and welcomed Jeanne Eickhoff as the newest appointee to the Colonial Services Board and presented her with a Boards and Commissions Handbook and York County pin.

PUBLIC HEARINGS

PROHIBITED OR RESTRICTED PARKING

Mr. Carter gave a presentation on proposed Ordinance No.06-6 to amend the York County Code to add the Lotz Acres Estates and Tabb Meadows subdivisions to the list of specific areas

where parking of certain classifications of commercial, recreation, and passenger carrying vehicles on public streets is prohibited.

Chairman Zaremba then called to order a public hearing on proposed Ordinance No. 06-6 that was duly advertised as required by law and is entitled:

AN ORDINANCE TO AMEND SECTION 15-48, PARKING PROHIBITED OR RESTRICTED IN SPECIFIC PLACES, OF THE YORK COUNTY CODE, TO ADD THE LOTZ ACRES ESTATES AND TABB MEADOWS SUBDIVISIONS TO THE LIST OF SPECIFIC AREAS WHERE THE PARKING OF COMMERCIAL, RECREATIONAL AND PASSENGER-CARRYING VEHICLES ON PUBLIC STREETS IS PROHIBITED

There being no one present who wished to speak concerning the subject ordinance, Chairman Zaremba closed the public hearing.

Mr. Shepperd explained his involvement in getting these parking restrictions through for the subdivision since there was not a homeowners association to formally request that the restrictions be added to the County ordinance. He then moved the adoption of proposed Ordinance No. 06-6 that reads:

AN ORDINANCE TO AMEND SECTION 15-48, PARKING PROHIBITED OR RESTRICTED IN SPECIFIC PLACES, OF THE YORK COUNTY CODE, TO ADD THE LOTZ ACRES ESTATES AND TABB MEADOWS SUBDIVISIONS TO THE LIST OF SPECIFIC AREAS WHERE THE PARKING OF COMMERCIAL, RECREATIONAL AND PASSENGER-CARRYING VEHICLES ON PUBLIC STREETS IS PROHIBITED

WHEREAS, the York County Board of Supervisors has determined that the parking of large vehicles along certain streets, other than for temporary periods to allow deliveries, may present safety hazards for other vehicles and for pedestrians and may contribute to premature failure of road surfaces designed to accommodate primarily passenger vehicles; and

WHEREAS, pursuant to Section 46.2-1222 of the Code of Virginia, the Board has adopted an ordinance that prohibits the parking of certain classifications of vehicles on certain secondary system highways in designated areas of the County; and

WHEREAS, pursuant to a request made on behalf of the residents of the subject neighborhoods, and the investigation of the streets and parking characteristics of that development, the Board has determined that it would be appropriate and desirable to add both the Lotz Acres Estates and Tabb Meadows subdivisions, as delineated and described in the County Administrator's report to the Board dated March 7, 2006, to the list of areas subject to the special parking restrictions; and

NOW, THEREFORE, BE IT ORDAINED by the York County Board of Supervisors this 21st day of March, 2006, that Section 15-48(c)(3) of Chapter 15, Motor Vehicles and Traffic, York County Code, be and it is hereby amended to add subsections ee. and ff. as follows:

Mr. Carter gave a presentation on Application No. UP-698-06 requesting a use permit authorizing a beauty shop as a home occupation within an existing single-family detached residence located at 409 Cheadle Loop Road. The Planning Commission considered the application and forwarded it to the Board of Supervisors with a recommendation of approval, and staff recommended approval of the application through the adoption of proposed Resolution R06-30.

Ms. Charity Barrett, the applicant, came before the Board to answer any questions they might have.

Mrs. Noll asked if the business was just being transferred from one address to another.

Ms. Barrett said that was correct.

Chairman Zaremba then called to order a public hearing on Application No. UP-689-06 that was duly advertised as required by law. Proposed Resolution R06-30 is entitled:

A RESOLUTION TO APPROVE AN APPLICATION FOR A SPECIAL

CUPATION AT 409 CHEADLE LOOP ROAD

Ms. Judy Hutchinson, 312 Marion Drive, stated she is and has been a customer of Ms. Barrett's for several years, and there had never been any traffic problems at her former place of business. She welcomed Ms. Barrett's business to their neighborhood.

Mr. Tom Klump, 101 Goose Creek Road, said he and his wife are clients of Ms. Barrett. He noted that Ms. Barrett's residence was about 100 yards away from his property, and he could not see traffic being an issue. He stated Ms. Barrett had always been very professional, and he thought she would be an asset to their neighborhood.

There being no one else present who wished to speak concerning the subject application, Chairman Zaremba closed the public hearing.

Mrs. Noll then moved the adoption of proposed Resolution No. 06-30 that reads:

COUNTY ADMINISTRATOR REPORTS AND REQUESTS

Mr. McReynolds stated there had recently been a brush fire in the County and in addition to the York County Fire and Life Safety personnel who responded, there were also a number of surrounding jurisdictions, as well as federal installations, who came out to help fight the fire. He thanked all who had responded as well as the County staff. He said he also received a letter from Gloucester thanking the County for their help and support during the recent fires in their locality. He then noted that the Board had been given several marketing and tourism publications that were tabbed with references to York County and some of the efforts to get publicity out on the opportunities in the County for visitors and citizens. Mr. McReynolds also reminded the Board of its upcoming public hearing and work session on March 23 and March 28 (tentative), and Regular Meetings on April 4 and April 18.

MATTERS PRESENTED BY THE BOARD

Mr. Shepperd apprised the Board and citizens of a town meeting he would be conducting on April 10 at 7:00 p.m. at the Tabb Elementary School gymnasium. He stated he had attended the monthly meeting of the Chamber of Commerce, and the focus on the meeting had been on keeping businesses and helping them to expand, which included information on how businesses are able to interact with the government to insure they are completing the steps necessary to complete business transactions. He suggested the possibility of a County liaison person to help businesses in York County make sure they get through the processes in an expeditious manner.

Mr. Burgett said that this afternoon he had heard from a very large, established business in the County that wanted to expand and was having difficulty understanding the process. He stated he wanted to reiterate for the citizens and for the staff of the County that customer service is the Board's number one priority, and he thought it was an outstanding idea to add a liaison who would help anyone in a position to expand their business and make sure they received the help needed. Mr. Burgett then addressed the problem of graffiti, stating there was some on a fence at the electric substation next to the log cabin offices on Route 17, and it was

time the fence was painted. He added there had been interesting laudatory editorial in the Williamsburg Gazette about York's progress, but he found it interesting that the article talked about how the Supervisors were shortchanging Public Safety while providing 6 percent raises across the board to teachers and merit raises up to \$3,000. He noted the Board of Supervisors has nothing to do with the teachers' raises or the School Division's budget, and added the County is spending \$23.8 million this year on Public Safety which is 20 cents out of each tax dollar. He noted he had a conversation with Representative Glenn Oder regarding the payday lender bill, stating that Mr. Oder will bring the bill back to the General Assembly next year. Mr. Burgett then added that after the budget is completed, the Board's focus would be turned to the zoning ordinance to include special permits for payday lenders and changing mini-storage permits from general business to industrial where they should be by right.

Mr. Bowman stated the Stormwater Advisory Committee has made a plea to citizens who want to become involved in local government to step forward and volunteer to serve on the Committee. Citizens who would be willing to serve on this committee or any other board or commission should go to the County website to fill out a board bank application. He noted that many citizens are impacted by the new tax assessments, including those who are on a limited income. He encouraged those who might be eligible for elderly and disabled real estate tax relief to call the Commissioner of Revenue to see if they qualify for the program.

Chairman Zaremba reiterated that the public hearing on the proposed budget for the upcoming fiscal year is scheduled for Thursday, March 23, at 7:00 p.m., and he reviewed the schedule of meetings the Board had conducted leading up to the adoption of the FY07 budget. He said the Board was well aware of the significant increase in the tax assessments and that they averaged about 25 percent in the increased value of the average home across the County. Chairman Zaremba said the Board had directed the County Administrator to cut to the bone the tax rate to offset the actual increase in tax dollars that would be paid by the property owners, and he felt the County Administrator had done a marvelous job, with the help of the staff, and had come to the Board with a recommendation to reduce the tax rate from \$0.8175 to \$0.6975 for every \$100 of assessed value and still meet the personnel requirements, the services, and programs to continue to provide the County with the current level of support and quality of life. He stated he had an opportunity to talk with the Chairman of the School Board and asked him to revisit at the School Board's budget request to see if there are any further reductions that could be made.
